MAKES YOU SHOUT AND SING

Oh, it gets a fellow going and it makes him laugh and sing when he sees his garden growing with the coaxing warmth of Spring. He goes out each day to tend it with the greatest love and care; when a "day off" comes he Il spend it, watching things grow here and there. He has planted lots of flowers, from carrations to sweet peas, now he's waiting for the showers and the gentle summer breeze. He's a lover of tomatoes, so he transplants quite a few; later on he'll plant potatoes—just a little row or two. Oh, it surely gets you going, and it makes you shout and sing, when you see the garden growing in the balmy days of Spring. —R. J. D.

Anniversary SALE

The opening days of this great Anniversary Sale were a revela-tion—both to us and the public. We anticipated a quick demand, owing to the great values offered, but the actual response ex-ceeded even these expectations.

It is a tribute to the public calm that the interest in music is unabated and the piano still plays its dominant part in the home. The success of this sale is assured because it presents such an unequalled opportunity to purchase a high-grade piano at a very great saving in price, this according so well with the ruling demand for economy.
